

Lehigh Valley S Gaugers
 November Meeting
 November 20th, 2005
 At
 Stan Furmanak's
 Annville, Pa.

We had a great meeting at Stan's.

Stan and his brother Bob worked very hard to get the train room ready for the meeting.

Originally, many weeks before, Barry Mertz, Bert Mahr and Jamie Bothwell stopped by and hung the wallboard. Then it was up to Stan and Bob to get the room ready for Sunday the 20th.

The gang sat around and socialized for a while, enjoy Linda's great snacks and looking over various models that Stan has built for himself, Wally Collins and Ed Loizeaux.

Then it was off to the train room. Barry and Bert built bench work, Tom Maurer and Dave Heine hung lights and the rest of us were "Go'fers."

After our business meeting, we went across the street to Hoss's for a great dinner.
This was a very productive meeting for a change!

Tom Maurer, Jamie Bothwell, Bert Mahr, Barry Mertz and Stan Furmanak worked on bench work.

Jamie Bothwell and Bert Mahr drilling outlets in the Bench work.

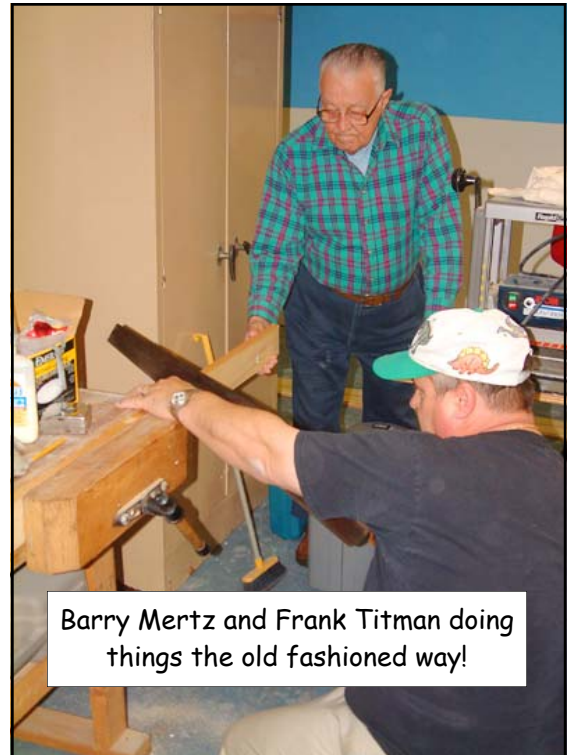

Frank Titman, Mike Pragheimer and Jamie Bothwell working on bench work
